# you are a child of the universe

You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Bob,  
we were almost  
through our sophomore  
year. I remember all the  
fun we had during  
English classes. Stay cool.

# desiderata

Go placidly amid the noise and the haste,  
and remember what peace there may be in silence.  
As far as possible without surrender be on good terms  
with all persons.  
Speak your truth quietly and clearly;  
and listen to others, even the dull and ignorant;  
they too have their story.  
Avoid loud and aggressive persons, they are vexatious  
to the spirit.  
If you compare yourself with others you may become  
vain and bitter;  
for always there will be greater and lesser persons than yourself.  
Enjoy your achievements as well as your plans.  
Keep interested in your own career, however humble;  
it is a real possession in the changing fortunes of time.  
Exercise caution in your business affairs;  
for the world is full of trickery.  
But let this not blind you to what virtue there is;  
many persons strive for high ideals;  
and everywhere life is full of heroism.  
Be yourself.  
Especially do not feign affection.  
Neither be cynical about love;  
for in the face of all aridity and disenchantment it is as perennial  
as the grass.  
Take kindly to the counsel of years,  
gracefully surrendering the things of youth.  
Nurture strength of spirit to shield you in sudden misfortune.  
But do not distress yourself with imaginings.  
Many fears are born of fatigue and loneliness.  
Beyond a wholesome discipline be gentle with yourself.  
You are a child of the universe no less than the trees and the stars;  
you have a right to be here.  
And whether or not it is clear to you,  
no doubt the universe is unfolding as it should.  
Therefore be at peace with God,  
whatever you conceive Him to be,  
And whatever your labors and aspirations,  
in the noisy confusion of life keep peace with your soul.  
With all its sham, and drudgery and broken dreams,  
it is still a beautiful world.  
Be Cheerful, Strive to be happy.

faculty

As a new principal, Mr. James Stephan has done much to improve our school, and has been a leader in a number of areas. He has been a volunteer in many ways, including, parents, and student work.

Along with being a member of the C.F. Board, Mr. Stephan has been a member of the faculty. Mr. Marijane Wohlers took time from her studies at MSU to help in the office as assistant registrar, and secretary to the principal.

## offices work together for unity

Mr. James Stephan

Elder Clyde Brooks  
Registrar

Mrs. Marsha Rasmussen  
Librarian, Home Ec.

Mr. William Brace  
History, Phys. Ed.

As history teacher, Mr. William Brace endeavored to in-  
till in the students' minds the relationship between his-  
tory and current events. His classes were both stimulating  
and informative.

Along with building strong minds, Mr. Brace was interest-  
ed also in building strong bodies; his Phy . . . classes  
did just that. He also helped organize the various sports  
and tournaments.

Another of our new faculty is Mrs. Marsha Rasmussen. As  
librarian she has organized and built up many sections of  
our library.

Along with those duties she taught two Home Ec. classes.  
She tried to teach her students the practical arts of home-  
making which can be useful to them.

## youthful enthusiasm

"It's gotta be here somewhere!"

## intellect

Mr. David Beardsley was a new man on campus. As Bible instructor and guidance counselor, he kept the students busy with many interesting assignments, and also helped us with our various problems. He actively participated in sports, too.

Elder James Innis was kept busy with his duties in the English department. He endeavored to teach us an appreciation of the finer arts. He also served as advisor for the CUM LAUDE, and LEDGE LORE.

Mr. James Thomas  
Business

Mr. Arthur Rasmussen, the math and science teacher, tried to give the students an understanding of the mysteries of numbers. He also taught an auto mechanics class on alternate Sundays; his help with photography was greatly appreciated. In spite of his busy schedule, he always had a joke and a laugh for everyone.

Business education is an important field, and these duties were taken on by Mr. James Thomas, who is among the ranks of the new faculty members. He also served as coordinator for the social activities.

# patience

Mr. Martin Sotala  
Music

Mrs. Susan Black  
Biology

Mrs. Susan Black agreed to teach the biology class this year, and her students found her early morning class to be very challenging.

The music department was again headed by Mr. Martin Sotala. His musical talents showed through our band and choir. He also organized a small choir, and helped with many different musical groups.

The Student Association and the Social Committee worked together to plan many social activities. Memories of the Progressive Party, Amateur Hour, Halloween Party, Fall picnic, and Courtesy Banquet will remind all of the fun.

These activities flavored our everyday routine.

## fall fun

The first item of the agenda for the fall picnic was a motivational given by Mr. J. Stephan. Following this we divided into teams for a gum chewing relay. The object was to get the gum out of the wrapper and into your mouth while wearing big gloves.

Then came the war paint. The students divided into two for a game of capture the flag. The teams were identified by red or blue paint smeared on their faces.

After a good lunch, the guys engaged in a couple of games. The Sophomores and Juniors played basketball and Seniors. This was followed by a game between students and faculty in which the students were too old to win.

"Are you sure you want a piece of gum, Carol!"

"All right you guys!"

## saturday night calendar

Our Saturday nights this year were filled with many interesting and varied programs. Mr. Thomas and the social committee, together with our Student Association president, Glen Middaugh, and vice-president William J. Connell, spent long hours planning activities.

One program which was especially good, was the Harlem Satellites basketball team. Their funny antics and stunts delighted and pleased everyone.

Other programs included Felix Lorenz, whose magical abilities left us wondering what happened. The Texiera family presented in evenings entertainment, and the musical abilities of the children were very unusual. Band and Choir concerts occupied a number of Saturday nights. The Tumbling Team also performed on more than one occasion.

## aldrich's team dominates season

Soon after school started, Mr. W. Grace started the intramural program by picking four captains. Teams were chosen and the games began.

The first half was not dominated by any one team. The teams seemed to be equal in strength. With some very exciting games, the first half ended with Ross and Aldrich tied for first. The second half was dominated by Aldrich's team. Hilton's team threatened Aldrich for a playoff for the second half, but in an action-packed game Aldrich won 12-8. Aldrich and Ross had a playoff game for the first half, in which Aldrich won the game and the championship.

## victory for aldrich's team

The All-Star game was played at Ft. Everett field in Lansing. It was a beautiful night for football.

The game was played strategically by both sides. The All-Star team played primarily a passing game, while Aldrich's team played strictly a running game.

There were many penalties against both sides which brought back a number of touchdowns.

The game ended with Aldrich ahead of the All-Stars 12-6. The referees chose Dennis McLatch as the most valuable play for the game.

## ser-r-vice!

Ser-r-r-vice! This call was heard quite often during our volleyball season. The teams this year were well-balanced; the girls played along with us, which made the games very interesting with close scores. Three teams were tied for 1st place, which made a more challenging season.

It's a bird! It's a plane! It's a volleyball!

up, up and away

The three armed bandit

In basketball again this year we had four very good teams. Our season was divided into six game halves, with each team playing a total of twelve games. At the end of the first half all of the teams had won at least once, with victory having gone five times to the first place team.

A new feature of the season was regulation rules. This made the games last a little longer and caused some of us to get quite tired. In spite of the fact, we all enjoyed the season very much.

There are also many activities to become involved in. The Junior-Senior Banquet, Junior-Senior Picnic, and fund raising projects. The class trip, which was to Washington D.C. this year, was also one of the highlights of the year.

Dear Dad,  
 it's been fun  
 going to school with  
 you & working with  
 you. Even when we get  
 beat on once in a while,  
 we're gonna be you.  
 ever, and me & little  
 again we're great together.  
 You & Mom & Dad  
 always and I love  
 lots of love  
 Love & hugs,  
 (Dad)

## What are these kids coming to?

They're coming to realize that there's more to life than a fast buck that comes from exploiting a society. They're more interested in contributing something to society by helping people. One of the best ways is by helping people who aren't in the physical shape they should be. Massage and its related fields can be a rewarding profession for people with a sincere desire to help make things better for everyone.

strive to be happy

With all its sham, drudgery and broken  
dreams, it is still a beautiful world. Be  
careful. Strive to be happy.

Dear Bob,  
 This is  
 really awful. I  
 can't hardly write  
 anything to date. Besides  
 that my pen isn't writing  
 very good. I guess I can start  
 out by thanking you for making  
 this school year worthwhile. The only  
 reason I didn't miss very much school  
 this year is because I wanted to see you every  
 day. Don't forget the fun we had on Sundays  
 in "Auto Mechanics" class. All got that dollar back  
 to you some how or some shape or form. I guess I  
 better quit, or someone else will have some to write to.  
 Thanks again for all the fun I had this year.  
 See ya later,  
 Marilyn

Hi Bob  
 said was  
 to hard doing the mill.  
 take it easy on all  
 the girls.  
 your friend  
 Mike

Bob has  
 been a cool  
 year and I hope  
 the next two will be  
 the same. I hope you  
 will be one of my business  
 partners next year too. Keep the  
 faith at least for two more years.  
 Danie Holley  

Bob, I really don't  
 know you that  
 well but I guess  
 if you go with  
 Lillian, you're  
 ok. Be good and  
 have fun. Love  
 Dad

Hi Bob,  
 It was a great pleasure  
 going to school with you  
 and Lillian. You taught  
 me a lot and you were  
 a great friend to me. I'll  
 keep your cool and you'll  
 be a great friend to me. I'll  
 be a great friend to you.  
 Love  
 Dad
